BALKANS ROW NO NEARER CLIMAX

London Press Minimizes Danger of General Conflict in Europe

GERMANY HOWEVER IS MORE PESSIMISTIC

Austrian Archduke Clamors for War; Peace Negotiations Are Almost Off

LONDON, Nov. 26.—A sudden change overnight of press opinion as to the possibility of a general European conflict is noted. All the leading papers here yesterday predicted war. Today all agree that "Europe's reason has been restored," and deprecate the possibility of war.

CHIEF GERMAN PAPER SAYS WAR IS UNAVOIDABLE

BERLIN, Nov. 26.—Although the changed attitude of the British press as to the possibilities of a war is reported here, the Tagblatt, the leading daily here, maintains that the situation is unchanged. It declares it has authoritatively learned that the Servians shot Austrian Consul Prochaska at Presburg, and says this means unavoidable war.

"We are not so optimistic as to believe a general European war impossible, but we do believe it is improbable." This is the impression of a high government official reviewing the military situation. It is believed this is also the Kaiser's views, and it is understood Germany is urging Turkey to do all possible to settle with the Balkanites.

Trouble in an indefinite nature is reported from the Turkish seaport, Dedecatchat, on the Aegean Sea. But no details are given.

AUSTRIAN ARCHDUKE FAVORS WAR BUT EMPEROR REFUSES

VIENNA, Nov. 26.—The Reichpost, a radical daily, is clamoring for war. It says the time has come for answering all insolent provocations. It is generally believed that Archduke Franz Ferdinand is impatient to declare war, but the Emperor will not consent.

Constantinople dispatches say the Bulgarian-Turkish peace envoys are again disagreeing. The termination of negotiations is momentarily expected because the Turks refuse to comply with the Bulgarian demand for the immediate surrender of Adrianople.

Cholera is spreading among the Turkish troops, and is still present among the Bulgarians. All news is censored.

SOCIALIST LEADER SAYS SPREAD OF BALKAN WAR WOULD BE SCANDAL

BASLE, Nov. 26.—In a declaration drawn by Jean Kaures, the French Socialist leader, and issued by the International Socialist Congress, all world Socialists are called upon to resist the attempts of their governments to prepare for war. Should the Balkan war spread it would be history, the greatest scandal in history, the report declares. This is based on the immensity of the catastrophe and the alleged unimportance of the interests and claims involved.

CONGRESS TO OPEN ON NEXT MONDAY

Vanguard of Solons Arrives in Nation's Capital; Work of Committees Begun

WASHINGTON, Nov. 26.—Dozens of congressmen, the advance guard of the influx to Washington that will continue from now until Monday when the last session of the Sixty-third Congress begins, arrived today. Chairman Clayton of the judiciary committee called a meeting for Wednesday of the House managers, who will prosecute the impeachment charges against Judge Archbold of the Commerce Court.

Representative Sparkman of Florida, chairman of the House rivers and harbors committee, called a meeting of his committee for Wednesday.

High Prices Are Received For Oranges

It is surely gratifying to the orange growers of Orange county to see the prices received for their fruit in the Eastern market at this season of the year. The condition is due to the fact that growers here are able to hold their Valencia oranges for the Thanksgiving and Christmas trade. Orange county is fortunate in having conditions that enable it to produce such fruit. The report of sales made in New York yesterday are:

C. C. Chapman, Placentia, \$6.10,	\$6.15, \$3.10, \$2.75.
Santiago Orange Growers' Association, Orange, \$6.60, \$4.60, \$4.60.	
Elephant Brand, Villa Park, \$4.30, \$3.60.	
O. M. A. Brand, Placentia, \$4.45, \$3.70, \$3.10.	
Growers' Fruit Co., Olive, sold in Philadelphia, at \$6.05, \$3.85, \$2.60, \$3.95, \$2.70.

Santa Fe Fined for Violating 16-Hour Law

PHOENIX, Ariz., Nov. 26.—The Santa Fe railway was fined \$5000 here today for having committed fifty violations of the law prohibiting the working of train employees more than sixteen consecutive hours.

Suffragists of Michigan Will Demand Recount of Votes

DETROIT, Nov. 26.—The suffragists of Michigan are planning to legally demand a recount of the state suffrage election. Returns from eighty of eighty-three counties show a majority of 873 against, after the first returns had indicated that suffrage had carried.

Frank H. Scott, Head of Century Company, Dead

NEW YORK, Nov. 26.—Suffering from angina pectoris for the last three weeks Frank H. Scott, president for 20 years of the Century Publishing Company, died at his home, No. 37 West Tenth street yesterday.

Samuel Gompers Better of Pneumonia

ROCHESTER, Nov. 26.—There is a decided change for the better in Samuel Gompers, who is ill with pneumonia.

CALIFORNIA JURIST DIES

CAMBRIDGE, Mass., Nov. 26.—Judge Henry J. Wells, who was appointed to the Superior Court bench in San Francisco in 1883, and who since his return East has served in both branches of the Massachusetts Legislature, died here last night, aged 89.

GIBSON JURY DISAGREES

GOSHEN, N. Y., Nov. 26.—The jury trying Attorney Burton Gibson, charged with the murder of Countess Rosa Szabo, reported as being hopelessly divided. The judge ordered further deliberation. On a second report of division, the juryman were discharged.

MEETING TO KICK AGAINST HIGH TAXES

A mass meeting is being held at Anaheim this afternoon to protest against alleged inequalities in the recent county assessment made by Assessor Sleeper, and against the increase in the total amount. The meeting was called by A. A. Mills and others of the northern party of the county who have been active in public affairs.

Assessor Sleeper went over to attend the meeting, and was expected to make a talk explaining his assessment.

BRUNWORTH WILL FILE CONTEST IN FEW DAYS

John Brunworth, whom Wm. Schumacher defeated by a majority of two votes for supervisor of the Third district at the recent election, has determined to contest, and it is probable that the papers in the case will be filed in the course of the next few days.

H. C. Head of Santa Ana is Brunworth's attorney. It is the belief of Brunworth's friends that a number of ballots were wrongly counted in favor of Schumacher, and they claim to know of enough of that kind to alter the result.

The race between the two men was very hotly contested, and a large amount of money was wagered on the result.

STRIKE LEADERS REPORTS ACQUITTED OF MURDER CHANGED ARE UNTRUE

Ettor, Giovannitti and Caruso Received an Ovation as Verdict is Known
State Highway Commission Has Had no Question About Location in This County

SIMILAR CHARGES YET PENDING AGAINST MEN

Not Likely to be More Than Formally Tried—Jubilation Followed Acquittal

SALEM, Mass., Nov. 26.—Joseph Ettor, Arturo Giovannitti and Caruso, accused of the murder of Anna Lopizzo, the woman striker shot during the Lawrence textile strike, were found not guilty.

The verdict was reached last night but the jury did not report until this morning. The prisoners wept when they were released. The crowd in the court room gave the released prisoners an ovation.

"I thank you gentlemen," shouted Giovannitti at the announcement of the verdict. "I thank you in the name of justice and civilization." Ettor turned to the jury and said:

"I thank you in the name of the great working class. The cage where the prisoners stood was then unlocked. Caruso embraced his wife while hundreds of Italian and American workmen cheered.

Immediately the prisoners were recalled before Judge Quinn to be released on bonds on similar charges. It is believed these will be formally dismissed later. All adjourned to a Salvation Army hall where a jubilant mass meeting was held.

That there was tremendous feeling in the cases just settled was shown by the fact that hundreds of friends and sympathizers of the defendants in Salem yesterday walked the streets near the court house until long after dark.

Streets Patrolled

Throughout yesterday, and last night the streets near the court house were patrolled and a reserve force was held on duty.

The prisoners were taken from the court house to the jail as soon as the jury retired.

Orange Pacific Subscribers May Get Connection With Santa Ana Home

ORANGE, Nov. 26.—Last night the City Trustees instructed City Attorney Brown to draw up an application to the Railroad Commission of California for an order for connecting Orange subscribers of the Pacific Telephone & Telegraph Company with Home subscribers at Santa Ana. It is expected that some fee will be charged for this service if it is ordered.

The City Trustees last night let a contract to the Los Angeles Paving Company for paving on East Chapman street that will amount to \$17,580. The contract is at fifteen and a half cents per square foot and twelve and a half cents per lineal foot for gutter.

LOCAL OFFICERS TAKE CONTRABAND CHINK

Officers Ryan and Davenport ran up against a chink in the gray dawn this morning, who seemed to be a stranger in a strange land. To be more explicit, John Chinaman, who later gave his name as Hong Kong (probably meaning the city) Chin, was trying to hide behind a telephone pole when Officer Ryan spied him at 5 o'clock, before it was really daylight. The Chinaman tried to escape, but was taken in tow by Officer Ryan, who marched him off to jail, later delivering him into the custody of Immigration Inspector Harry Blew.

Blew questioned the Chink and found that he had no "chok chee" showing his right to be in the United States. He found that the wanderer had recently come up from Mexico, and Blew believes him to be one of a party which was being slipped across the border and who wandered off. Blew took the man to Los Angeles this afternoon, with deportation papers.

STRANGE MAN FOUND IN KITCHEN OF HOME

Mrs. George L. Wright entered the kitchen of her home at G and Stafford streets this morning and encountered a strange man there. The Wright home is now in process of alteration, and the man claimed he had come there to work, but could give no satisfactory account of his claim. It is believed he entered the house with the intent to steal, although nothing was disturbed so far as could be ascertained.

GOOD ROADS MEN VISITED HIGHWAYS

D. C. Pixley of Orange Mentioned as Probable Successor to W. H. Burnham
There is no question but what the state highway will come through the interior of Orange county. The County Highway Commission has considered this an established fact for weeks, and previous assurances given the commission by the members of the State Highway Commission have been confirmed in the last few days. Since a committee from the coast towns appeared before the state commission in another endeavor to get the state highway located along the coast towns of Los Angeles and Orange counties, a report has been started that the location of the state highway has not yet been decided.

ROLL SAYS HE THOUGHT OF KILLING NED GARLAND IN ORDER TO AID HIS ESCAPE

Thoughts That Flashed Through Burglar Who Was Pursued Ended With Hiding Instead of Shooting

Last Thursday night when Ned Garland, who lives on West Eighteenth street, intercepted Charles Roll as Roll was trying to escape after John Donald Coleman had been killed by Deputy Sheriff Law, he had no idea how close he came to being killed.

Roll in jail has told in detail of the thoughts that flashed through his mind when he found himself face to face with Garland, and realized that the probabilities were that he would be captured.

Roll heard the shots fired by Law, and immediately he tried to get away from the house that he and Coleman had tried to enter. From the house, which is located on Durant street near Fifteenth, Roll ran north through a walnut orchard and into an alley running back of Garland's home. Garland had heard the shots and went to the alley to get his bicycle when he saw Roll running toward him. Garland stopped him.

"The revolver that I had (the one that was stolen at the home of E. V. C. Pomeroy) had but one cartridge in it. This man jumped up in front of me. I started to draw my revolver to kill him. The thought struck me that I should kill him and keep on running to escape. Then the thought came that I had but just one cartridge and to kill him would leave me without another shot, and I knew there were

other men close after me. Then the thought struck me to shoot him and take his revolver away from him. He had made a motion as though he was reaching for a gun, and I thought he had one. Then another thought struck me. I thought that if I killed him and should be hanged, what a terrible blow it would be to my mother. Just that quick I decided not to shoot. In the meantime we had been talking. I told him I had a row with some boys and they were chasing me, and he told me to hide between the barns. I decided to take my chances by hiding. Then some other people came up, and someone ordered me to come out, which I did without drawing my gun."

Roll continues to maintain that the burglary planned for last Thursday night was the first in which he had any part, though he had been keeping stolen goods for Coleman for some time. To Under-Sheriff Squires yesterday he confided the location of two rings that he said had been given to him by Coleman for the reason that both were marked and could not be disposed of in Los Angeles. One had the name Mary in it and the other the initials O. M. N. Both of these rings have been identified by O. M. Newman of North Main street as rings stolen from his house in a daylight burglary. Coleman has been identified as the man seen coming from Newman's house at the time of the theft.

BIG PURCHASE OF LAND BY NEW SUGAR COMPANY

Announcement has just been made of a real estate deal by which the Santa Ana Co-Operative Sugar Co. secures from James McFadden a tract of 1070 acres of land lying along Main street, just south of the Delhi road. The price paid was \$275 per acre, or a total of \$294,250.

The land is part of an original tract of 1100 acres, thirty acres having been donated from it by Mr. McFadden to the Southern California Sugar Co. at the time its factory was built. The land has been owned by Mr. McFadden for many years, and has been used principally for pasture.

The purpose of the company in purchasing the land is to increase its beet acreage. The land will be leased to farmers for beet raising, practically all of it having been already contracted for. Not all the land is susceptible to immediate cultivation in beets, but the major part of it will be put to that purpose next season, and the rest will first be put in grain and used for beets the following season.

The Co-Operative factory sliced beets from a total of about 7500 acres in the season just ended, and next season expects to have an acreage of 10,000. This, with the improvements which the company will make before the next campaign opens, will vastly increase its capacity and effectiveness.

YAQUI INDIANS MENACING MEXICO

Burn Towns, Kill Hundreds and Carry Off Women; Germany Asks Indemnity
DOUGLAS, Ariz., Nov. 26.—Federal General Gil has arrived here to recruit 3000 rurales to make a desperate campaign to exterminate the Yaqui Indians who are terrorizing southern Sonora. Several towns have been burned, hundreds have been killed in resistance, and many women are reported as carried away. The Indians are believed to be fortifying in a fertile valley of the Mesquillon range. They are well armed, and number about 1500.

PROBE DEATH OF GERMANS

AGUA PRETA, Sonora, Nov. 26.—A federal investigation into the deaths of Guido Schubert and John Hertling, German subjects found murdered in a mine where they were employed as guards, began today. It is reported Germany has demanded a large indemnity. It is believed here the men were killed by rebels.

KRAUT SEASON CLOSING IN OHIO TOWN-CENTER OF THE INDUSTRY

FREMONT, Ohio, Nov. 26.—With the Kraut season closing this week, owners of factories here announce that the output is the largest in years. The thousands of tons of cabbage produced in this vicinity for kraut have sold at from \$3.50 to \$6 a ton and growers have made money.

Fremont is the center of the kraut industry in the United States.

HORACE FOGEL RESIGNS

NEW YORK, Nov. 26.—The announcement of the resignation of Horace Fogel, president of the Philadelphia National League Club, made at a meeting of the league magnates today. The resignation was announced on the eve of Fogel's trial to explain the charges of umpires that he favored New York throughout the last season. A. B. Wiley, vice president of the club, will succeed Fogel.

VOTES COUNT RULING IS UP AGAIN

Los Angeles County Supervisors to Ask for Rehearing Tomorrow

DEMOCRATS MAY CONSENT TO SUCH A HEARING

All County Returns Tabulated But Alameda, Los Angeles and Sacramento

LOS ANGELES, Nov. 26.—A pressure of business prevented Judge Willis from hearing argument of the demurrer by Deputy District Attorney Ford to the suit brought by the Progressive electors against the supervisors demanding a recount in two county precincts. The case was continued until late today.

The Court of Appeals' decision in granting a mandamus writ to Democrats regarding the manner of totaling the vote will be re-opened tomorrow when Deputy District Attorney Ford in behalf of the supervisors will file a petition for a rehearing. In view of the fact that the decision vitally affects the state determining the disposition of the electoral vote, the Democrats intimate they may consent to a rehearing.

Alleged that the supervisory boards of Sacramento and San Joaquin counties in canvassing election returns allowed Democratic electors votes which did not exist in the certification sheets, while arbitrarily disallowing counts for Progressives, Frank R. Devlin, a Roosevelt elector, filed with the Appellate Court a petition to compel a recount under a writ of mandamus.

The election is so close that 100 votes one way or the other in either of the three counties would send either set of electors to the electoral college. Both sides are still claiming victory, and the result is just as far from being settled now as it was when the polls closed on election night.

PROGRESSIVE PETITION FOR RECOUNT OF TWO COUNTIES

SACRAMENTO, Nov. 26.—Alameda County has sent her election returns to secretary of state leaving only Los Angeles County uncertified. Griffin's majority over Wallace today is 26,705, with four counties to be checked.

TVEITMORE'S GAZE WAS DISCONCERTING TO MC'MANIGAL

INDIANAPOLIS, Ind., Nov. 26.—Olaf Tveitmore, secretary of the Asiatic Exclusion League of San Francisco, who is a defendant in the government case against the laborites charged with illegally transporting dynamite, sat at his counsel's table today and grinned derisively at Ortle McManigal, the star witness for the state, while McManigal was being grilled by cross examiners. McManigal twisted, and answered haltingly, apparently unable to take his eyes from Tveitmore. Tveitmore was rebuked by the judge and compelled to resume his seat with the defendants.

On cross-examination McManigal said he carried dynamite in Pullman cars from St. Louis to Kansas City, and from Chicago to Los Angeles. He said that once when Secretary Hockin urged a dynamite deal he replied: "Look here Hockin, any time I am caught at this game, I want it understood you are all caught."

ONE DIES, ANOTHER WEDS—BOTH OF THE BASEBALL WORLD

PENSION SMALL EMPLOYE, SAYS COL. ROOSEVELT

NEW YORK, Nov. 26.—Regarding Carnegie's presidential pension plan, Colonel Roosevelt said today:

"As it does not apply to me I have little to say. My interest is in pensions for the small government employee who has little chance to save money and who faces poverty when he is superannuated. I think the small government employee who gives years of faithful service with small emolument, should be pensioned. We must work out some system of insurance or pensions, relieving the ordinary workman from the haunting fear of old age and poverty."

THE PLAIN TRUTH ABOUT THAT LOS ANGELES ELECTION CONTEST

By H. A. FRENCH.

The Progressives of the state of California desire that the facts in the election contest before the Appellate Court in Los Angeles shall be thoroughly known. These facts so far as they relate to the two precincts in question are substantially as follows:

The election officers tallied all of the Roosevelt votes opposite the name of Wallace, the first of the Roosevelt candidates for electors, and all of the Wilson votes opposite the name of Griffin, the first of the Wilson candidates for elector.

For example, by tally marks there were opposite Wallace's name 100; opposite Griffin's name 50 tallies. The number then of each was carried out in the space for totals at the side, and each of the other electors so far as the straight tickets were concerned was credited with the same number of votes as the leading candidates in each instance. In the column for totals opposite each name of the Roosevelt electors, the exact vote was written; and opposite the name of each Wilson candidate his exact vote was written. Then in accordance with the law, the election officers certified as follows:

"We hereby certify that A. J. Wallace had 100 votes (setting forth the exact number), Charles S. Wheeler 50 votes (setting forth the exact number), and stating the exact number of votes for each Wilson elector. This certificate was signed by the various election officers. The actual tally marks did not appear except opposite the name of Wallace and Griffin. When the supervisors

canvassed the vote they had before them the certificate setting forth what each candidate for elector received and the tally sheet as above described. The election officers all stated that their manner of tallying the vote was as above described, and that the candidates for electors received the vote set forth in their certificates. It is conceded that the vote in the precincts was exactly as certified in the certificate of the election officers. No fraud against the election officers in the counting of the tallies is charged. On this state of facts, the Appellate Court in the southern district held that the only votes that could be counted by the Supervisors in their canvass were those where there were actual marks of tallies opposite the names and that the supervisors could not take into consideration the certificate of election officers, nor examine the election officers, nor look at the ballots, nor hear testimony. All of this was decided in the face of the admitted fact that the vote was as certified in the certificates of the election officers. When the same question was submitted to the Appellate Court of the Second Appellate district, composed of Judges Lennon, Hall and Murphy, a decision utterly to the contrary was rendered, those judges holding that on the face of the certificate it was apparent what the vote was and inasmuch as it was obvious they would count the vote as they knew it to be.

It is respectfully submitted that the decision of the southern Appellate Court violates common sense and not only this, but, if the electoral vote of California were decisive in the presidential contest, this decision that is at variance with common sense, would change the succession to the presidency of the United States.

The Progressives of Los Angeles said to their opponents and to the Appellate Court, if there is any question about what the vote was in the precincts in question let us open the ballot box, and count the ballots themselves. Those who were in the contest would not agree to any such proposal and so the Progressives commenced an independent proceeding in equity to count the ballots themselves and this proceeding is being violently opposed by the Democrats and by those who uphold the decision of the Appellate Court.

During this time when the electoral vote of the state is attempted to be taken upon technicality in violation of the votes as known to have been cast, have we heard any trumpet tone from Senator Works and Randolph Spreckels concerning the integrity and the wrong of the disfranchisement of voters, and have any of these newspapers that were so violent in their denunciation of pretended disfranchisement during the campaign had anything to say at all about the theft of the state on a technicality, and the overturning of the known and admitted will of the people? Section 1175 of the Political Code provides:

DANDRUFF CAUSES FALLING HAIR—25 CENT "DANDERINE"

Save Your Hair! Beautify it! Invigorate Your Scalp! Danderine Grows Hair and We Can Prove it

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it

through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store, or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

YUCAIPA LAND COMPANIES HOLD ANNUAL MEETINGS

With reports telling of the progress made during the past year, a number of companies identified with the development of the Yucaipa valley met yesterday for their annual meetings at the offices of the Redlands & Yucaipa Land Co. The land sales have been heavy and many orchards have been set out. The land company has spent between two and three hundred thousand dollars in the valley during the year.

The directors elected at the meeting were as follows: E. M. Lyon, H. H. Ford, M. N. Newmark, A. N. Logie and B. H. Dyer. The directors then met and elected the following officers: E. M. Lyon, president; M.

N. Newmark, Los Angeles, first vice-president; H. H. Ford, second vice-president; J. H. Logie, secretary and treasurer, and A. N. Dike, assistant secretary.

Following the meeting of the Land company came the meeting of water companies, No. 1 and No. 2, and the Yucaipa Domestic Water Company. The directors and officers of these companies were re-elected. One director was added to the water company No. 1, W. P. Hudson of Yucaipa Valley.

It was decided at the meeting that next Monday the contract will be let for the new reservoir to be built on the South Bench and the thirty miles of pipe line to be placed.

Cover for the Machine

It is something of a nuisance to lift and lower the head of a machine every time one wishes to begin or quit sewing. At the same time, it is very injurious to the machine to allow it to stand uncovered for any length of time. A very good plan is to make a padded hood, or cover, of some soft material and put this over the machine when it is to stand idle for but a short time. This hood may be shaped very much like a typewriter cover.

Baked Bean Soup

One pint of cold baked beans, one pint of hot water, a little sliced onions, one cup of stewed tomatoes; let all cook until very soft; rub through a sieve; season with salt, pepper and celery salt; if too thick, add more water, put back on the fire and let boil up. Just before serving add a cup of cream or rich milk.

BAD COLD? IS HEAD STUFFED?

One Dose Pape's Cold Compound Gives Relief—Cure in Few Hours

You will distinctly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the gripe misery; without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.—Advertisement.

UNIVERSITY OF CALIFORNIA,

Nov. 25.—Prof Leroy Anderson, who is in charge of the Farmers' Short Courses at the State University Farm school at Davis, recently submitted his report to Dean Hunt at Berkeley. In his statement are included accounts of the courses in animal industry, veterinary science, dairy farming, dairy manufactures, horticulture, viticulture, poultry husbandry, home economics and general agriculture, all of which have been given to the farmers who took instruction at Davis this fall.

The short courses for farmers of all parts of the state were begun by the university in 1908 as an experiment. Since then the school has become more and more popular, especially among the farmers of Central California. There has been a large increase in attendance every fall except in 1909.

The largest number of students in the school of farming during the present session was 125. Between October 1 and November 2 the enrollment never dropped below 100.

Raccoons Natural Thieves

If you have raccoons in your home, keep a watchful eye on all articles within reach of the animals. They will steal anything from a pocket knife to a diamond ring. Notwithstanding the trouble necessitated by guarding against the mischievous habits of the creatures, they are members of many households. They are fond of milk, and will resort to all sorts of tricks and subterfuges to obtain it.

Costly Camel's Hair

The most costly of all the white animal hairs imported is that of the camel. The camel is commonly of a dirty brown color, but parts of its body may be white, as may be streaks in its mane called veins. The camel's hair is of superior strength, and its fine white hair of sufficient length is used as a substitute for natural white human hair. White hair of the camel is worth \$25 an ounce.

SOME ACCESSORIES TO THANKSGIVING

There used to be many households where an adequate Thanksgiving lay-out meant the creation of a hundred pies. Not that they were all intended for consumption at that one gorgeous feast. Even the pie belt has reserves of discretion. The culminating glory of pie must yield to the limitations of our earthly clay.

But there was a frequent tradition among the older housewives, at least in the states having a wintry climate, that a certain reserve of provision must be accumulated in advance of winter. All this stored up provender contributed to the feeling of Thanksgiving as a harvest festival, one in which thanks was rendered for freshly bounties that made the physical life radiant amid inclement days of rain and snow.

Little traces of the onerous toll thus involved by those customs is found in the modern household. In most of the larger towns and in the cities, after one has sat down at the telephone and engaged places at a popular hotel for Thanksgiving dinner, one experiences a feeling of achievement and duty well done. What would the grim ghost of Great Aunt Hannah say to this decadence?

To be sure, in the homes of Orange county the Thanksgiving dinner—the old-fashioned, bounteous Thanksgiving dinner—is the rule, but who shall say that we would be any better—or worse—than our urban fellow-citizens if we had the wherewithal in the way of hotel and cafe facilities?

Where Thanksgiving is still celebrated around the home table, certain formal suggestions that the day is the celebration of successful manual labor are still conventional. The finger-bowls, so say the women's magazines, should properly be of pumpkins hollowed out to hold the water. Aunt Hannah would call this a wicked waste of pie material, but let that go. Corn husks, too, should be used in decorating electrolights and gas fixtures. Aunt Hannah would have said that they should have been put into mattresses, instead of being used for flummery, but let that go.

There might be a certain appropriateness if the farm family should decorate with pumpkins and corn husks, to suggest the romance and dignity of honest toil on Mother Nature's loam. But when you obtain the same down at the corner market, after various vicissitudes of freight cars or express wagons, the poetry seems somewhat remote.

The best decoration for Thanksgiving day is the joy of reunion and laughter of children, and may we have much of it.

HONESTY IN PUBLIC HEALTH WORK

The attitude of the public toward public health questions, especially with respect to epidemics has been either one of mystery or of panic. Pestilence has been regarded as something to placate by magic or to flee from in terror. But in the last half century, disease has been largely robbed of both its mystery and its fearfulness. We know it now as a product of natural causes, to be met and overcome by common sense and expert knowledge. The importance of social conditions in the production of disease has been recognized, as well as the public responsibility for its existence. The public and the physicians are now recognized as co-workers in the suppression of disease. If partners in this work, it is only fair that both parties should know the facts, and that, in times of epidemic disease, the public should be told the whole truth. This important obligation of the modern health officer is recognized by Dr. Juan Gutierrez, Health Officer of Havana. In a recent issue of the Journal of the American Medical Association, in an article on Bubonic Plague in Havana, Dr. Gutierrez condemns the old policy of suppression of facts and says: "I have contended for the following fundamental rule in sanitary practice: Work must be done in the broad daylight; the people should know what we are doing, and what to expect. If we never deceive them, they will believe what we say; we obtain their cooperation, we minimize panic, and we can begin active operations at once. All this is the most elemental common sense; but, strange to say, the general acceptance of this golden rule has been slow and difficult. Only last year the presence of cholera was concealed in several communities. Such deception was dangerous to the infect-

CONSCIENCE THE GREAT NEED IN THE BUILDING OF A CITY

(Dr. J. Whitcomb Brougner before the Pasadena Merchants Association)

What we need in everyday business is men and women with a conscience. Once, after Colonel Roosevelt had attended one of my lectures, he said to me: "If the problems of life were all in black and white, as you put them, it would be so easy for the people to choose; but some of the problems are a mixture, and some are gray." And that's what you must look out for and learn to distinguish in life—the shades and colors of your problems.

No city can ultimately succeed which is doing wrong, any more than can a business or an individual. You cannot break a law without the law breaking you. Individuals should do the right and refuse the wrong, and so should cities. The few in the city who desire to do wrong should not be given license, for there is no such thing as liberty to do wrong.

If you have a purpose in mind in building your city, build along those lines. Build along the lines you like, for people can do those things they like to do, and the only evils you will find in your city are those evils the people want there. You are judged by the things you like, and whether your city has more of the blessings than other cities depends upon what you want her to have, and I leave that to you to decide.

ed region, and, to the uninfected neighbors, it was cruel and inhuman."

AT WHAT AGE SHOULD A MAN QUIT?

President McCrea of the Pennsylvania system has just resigned his arduous executive labors at 65. He seems to many people to have done an exceptional thing. Melville E. Ingalls, president of the Big Four railroad, has stuck it out until he is 70 years old. Many a millionaire of 75 digs away at his desk daily as if he were a clerk on \$20 a week, with a nest of fledglings opening their mouths daily for bread.

A pathetic feature of American business is the way men break down at comparatively early ages. Half of the men who are handling big concerns have lived lives of over-strain. Efficiency systems, the assistance of secretaries, telephone conveniences, dictating machines, are supposed to be labor saving devices. They rarely save any labor for the capitalist. Instead of being satisfied to do the same work in half the time through these hour-saving economies, he simply does twice the work. He carries twice the burden, and thinks his heart and his nerves don't know the difference.

A still more pathetic sight is the workingman at an advanced age. His daily toil not merely uses up his output of muscular force, but draws a little from his original reserve of strength given him in the flush of manhood.

Not blinded like the capitalist by the fascination of the money game, he realizes perfectly the real nature of this daily draft upon an accumulated capital.

Few men quit too early. Many quit too late. The man even at 50 years of age is a fool if he does not lighten his burden at the first sign of physical breakdown, if circumstances permit. And it seems inevitable that sooner or later the state will have to face the question of a proper insurance for workmen incapacitated by age for further labor.

Human hearts have a value other than the price the physical machinery will bring in the industrial market.

Of course Colonel Bryan will profit by the mistakes of Clay, Calhoun, Blaine and other eminent statesmen and refuse to shrink into an officeholder under the man he did so much to elect.

Mr. Bryan may or may not be mentally trying on cabinet positions in the hope of finding one that will fit,

POLITICAL POINTS

The Democrats are beginning to have their troubles and divisions which have been so disastrous to the Republicans in the past and the recent campaign. It is now certain that the Democrats will not only have the presidency and the House, but the Senate as well. They stand pledged to progressive legislation and when they reorganize the Senate, Senator Simmons, who is the ranking member on the committee of Finance for the chairmanship which is the important committee in the Senate and will control the tariff legislation, is a "standpatter" and reactionary. How the Democrats can make that committee a progressive with Simmons chairman is the problem now confronting them.

Mr. Bryan is anxious to have Senator Gore, of Oklahoma, made chairman of that committee, as he is in hearty accord with the views of Mr. Bryan and President-elect Wilson. It is not thought, however, that Senatorial courtesy will permit Gore to take precedence in this matter, notwithstanding the wishes of Bryan, Wilson, or anyone else. It is very evident, however, from utterances of Wilson, that he does not intend to have the tariff so radically revised as to cause a hitch or depression in business, which now looks very promising.

The Democrats have certainly been enjoying most unusually good luck the past few years. They now come into power with the biggest crop which this country has ever produced, and which the Department of Agriculture estimates is worth more than ten billions of dollars. At least one-tenth of this crop will be shipped abroad and will bring into this country one billion of dollars in "cold cash," which will be a great stimulation to all business and industries, and which insures prosperity of the country for at least a year and a half.

Now that the returns are all in and have been carefully analyzed the fact stands out that if the Republicans had had but one candidate, a progressive, they would have swept the country, as the combined Republican vote which was given to Mr. Roosevelt and Mr. Taft was far greater than that received by Mr. Wilson. So the simple fact remains that when the Republican party gets together on common grounds they will be invincible as heretofore.

THE SUNSHINE SOCIETY, ITS WORK AND PURPOSE

The question has often been asked, "What is the Sunshine Society, its aim, with what church is it affiliated?" This seems a very opportune time to give a brief explanation.

The International Sunshine Society is the name of a nation-wide humane movement, the originator of which is Mrs. Cynthia Westover Allen, a generous, big-hearted woman who gives her time and money to help others. The headquarters of this society are in New York City, and a remarkable fact is that among the great number of people necessarily employed in the conduct of this great work, there are no salaried officers except the stenographer.

The Santa Ana Sunshine Society is a branch of the International Society, many such branches being found all over the country. The aim and object of this Sunshine work is charity in its broadest sense. To quote from the Sunshine Manual: "Our duty to our fellow traveler whom we meet on life's highway is to be cheerful, kindly, helpful ourselves, always welcoming the cheerfulness, the kindness, the helpfulness of others. Charity is giving, for it is a blessing to be able to give, and to receive, for to shrink from taking what one needs and what is freely given, is to be uncharitable to the giver."

"Sunshine" is our name for the golden thread that runs through the warp and woof of every great religion that has touched the hearts and guided the lives of human beings and includes showing, ourselves, and appreciating in others, cheerfulness, kindness and helpfulness; accepting the Fatherhood of God, the Brotherhood of Man, not as an abstraction, but as an hourly guide to conduct.

If what we agitate were universally practiced, the movement would be unneeded and superfluous. It is not universally practiced, it is only universally accepted as a theory. There are many Humane Societies emphasizing humanity to animals, abstinence from alcohol and the vice of profanity. We emphasize cheerfulness, kindness and helpfulness. We have no rivalry with any religion, but a warm alliance with all religions. We believe that all shadows are meant to make us realize the light; that gloominess is blindness; that the blessing of all blessings is clearness of sight, and that the world is always and everywhere a good world to live in.

The International Sunshine Society seeks to emphasize the right way of giving and the right way of receiving by having no initiation fees, and no dues except kind acts, which the poorest may pay as easily as the richest, the humblest as well as the most exalted. The world-calls of this society is to be good, cheerful, in all things; to do good, cheerfully to all people; help as best you can to make life better worth living for everybody.

Every branch society has some special work. The specialty of the Santa Ana Sunshine Society is the maintenance of a fully equipped maternity box.

GRAND JURY IS
NOW AT WORK

A. L. Hitchcock and W. S. Gregg Appointed to Expert County Books

Yesterday afternoon the newly selected grand jury had a short session, and adjourned to meet again at 10 o'clock next Saturday morning. A. W. Griffith, foreman, has given notice to the public that any person having a matter to bring before the grand jury may do so on Saturday.

At the meeting yesterday afternoon A. L. Hitchcock of Orange and W. S. Gregg of Olive, both expert bookkeepers, were employed as experts to assist the grand jury committees in their work on the county books. Today the various committees appointed by the foreman yesterday are at work.

Is Not Satisfied

Attorney W. H. Thomas and Scarborough and Forgy have entered a protest against the findings of Steele Finley, referee in the case of M. P. Westcott against E. L. Gilman and Edmund Peycke Company, insofar as those findings concern one of the thirty-five growers who are represented by Thomas and Forgy. The protest states that the findings allow H. Heim \$257.50, when Heim believes he should have \$308.50. The difference is not in the number of boxes, but in the grade of oranges.

Portland Promoter is Held to Answer on Getting Property on False Pretenses

After an all day and evening session, Justice Cox last night ordered F. J. Catterlin of Portland, Ore., held to answer in the superior court for trial on a charge of getting property under false pretenses. The story of how they were duped into giving Catterlin a deed to property in Los Angeles worth \$35,000 in exchange for bonds of the Columbia River Orchards Co. was told in the preliminary examination by C. H. Newcomb and his wife, of Buena Park.

Catterlin, a businesslike individual, was present with his attorneys, Thomas Ball of Los Angeles and Clyde Bishop, who put the four witnesses for the prosecution through exhaustive cross-examination. Mrs. Newcomb was on the stand for five hours. The testimony given by her and her husband was that last December Catterlin represented to them that the stock of the orchards company was worth \$1 on the dollar. W. E. Davidson, a stock broker of Portland, Ore., was put on the stand by District Attorney West. Davidson testified that the stock is worth but two and a half cents on the dollar. He said he had sold some of it for

Pioneer Roofing

The Modern Roofing Material
Makes a San-Proof, Rain-Proof Roof

Pioneer Rubber-Sanded Roofing is the best exponent of modern common sense roofing methods. Perfected by roofing experts through twenty-five years' experience and observation of successes and failures of various roofing materials.

Pioneer Rubber-Sanded Roofing lasts indefinitely without repairs or paint. It's a strong, long-fiber felt, saturated to just the right degree with an asphalt compound, especially refined to withstand the drying-out process and the sudden temperature changes of the California climate.

Use Pioneer Roofing on all your buildings. Five years' wear will show a saving of one-third the cost of the ordinary roof. Packed in handy rolls. Easily transported. Nails, cement, etc., included in every roll. Write for Booklet. 18

WOMEN OBSERVE
WEEK OF PRAYER

Missionary Society of Spurgeon Memorial Doing Noble Work in Mission Fields

(By One Who Attended.)

The Woman's Missionary Society of the Spurgeon Memorial M. E. church, south, observed the week of prayer for Home Missions last week, according to the program made out by the Missionary Council. The services were largely attended and increased in interest from day to day.

On Monday the topic for discussion was "American Indians, Africans and Asiatics." Mrs. J. W. Vawter was the leader and she was assisted by several helpers whose selections and talks were both instructive and interesting.

The topic studied Tuesday was "The Frontier and the Island Possessions." The leader, Mrs. E. A. Clardy, and her helpers rendered a well prepared program which was enjoyed by all present.

Wednesday's topic, "The Immigrants," was studied with a great deal of interest. The leader, Mrs. W. T. Kivren, and her assistants, read and commented on some highly instructive articles on the subject of foreign immigration.

Thursday Mrs. J. A. Turner was

the leader, who, with several previously appointed helpers, discussed "The Rural Regions and the Cities." This was a very interesting and profitable service.

Friday was given to a study of the "Foreign Fields." Mrs. Lucy Madden was the leader, who with her assistants, had thoroughly prepared for a discussion of our missionary work in Cuba, Korea, China, Japan, Brazil, Mexico, Africa and other fields.

A collection was taken at the close of each service, which, during the week, amounted to a nice sum.

One result of the services was the decision to take the support of another Bible woman in Korea. The society already has one Bible woman at work in Korea, and is paying \$100 a year toward the support of Miss Warner, who went from this society as a missionary to Brazil a year ago. The society maintains a scholarship in one of the mission schools in Mexico, and is carrying on some benevolent work in this city, besides what it is doing toward meeting the current expenses of the church. A nobler band of women would be hard to find.

This series of services closed last Sunday at 11 a.m. with a sermon by the pastor on "Home Mission Problems."

HERMIE CHRISTMAS PRESENT BY WILLIS BROOKS

ELNATHAN TODD kept company With Lucy Kerr so ternal long

The women all declared that he Was doin' her a greecious wrong. They 'lowed he ought to let her know What his intentions really were, Or give somebody else a show To come a-shinin' up to her.

But always when Elnathan tried To pop the question—so I've heard— He'd stammer like his tongue was tied And choke 'all up, he was so skeered. And Lucy, bein' bashful, too, Would set and tremble like a leaf, And havin' nothin' else to do Would gnaw her pocket han'kerchief.

At last the women folks agreed 'Twas time for them to take a hand, So, under Widdie Barton's lead, They told the parson what they planned.

And, bein' that the parson was Pursuin' of the widdie's heart, He 'lowed they had a righteous cause And promised he would do his part.

So when the Chris'mas doin's were The church was full as full could be, And all the gals but Lucy Kerr Got presents from the Chris'mas tree. At last the parson, with a smile, Called Lucy's and Elnathan's names, And they went blushin' up the aisle, Not knowin' of the women's aims.

"Take hold o' hands," the parson said, And, not suspectin' what it meant, Before they knewed it they were wed. Both havin' give their full consent, Then all the congregation stood, While Widdie Barton pitched the key, And everybody sang that good Old hymn, "What Shall the Harvest Be."

Business Men Pick Cotton.

On account of the cotton crop of Grayson county, Texas, being the largest in the history of the county, the business men of Sherman determined that it should all be gathered notwithstanding the comparative scarcity of cotton pickers. Accordingly, a hundred of the business men signed an agreement to assemble at 4 o'clock each afternoon for six days and go to the cotton fields and help the farmers in gathering the crop. In the number were bankers, physicians, mechanics, carpenters, blacksmiths, and in fact, every class of citizen in the city. Several automobiles met the men at the cotton house square every afternoon, and took the men to the cotton fields.

DYNAMITER PLANS TO PLEAD GUILTY

Held to Superior Court After Preliminary Examination Yesterday

LOS ANGELES, Nov. 26.—Practically announcing that he would plead guilty when arraigned in the superior court on a charge of attempting to intimidate people in the city jail with his load of dynamite, Carl Warr, or Reidelbach, the human infernal machine, was given his examination yesterday afternoon. Warr, in a police automobile with a load of witnesses, was taken before Justice Warren Williams in the University police court yesterday morning at 10 o'clock.

Unable to complete the proceeding at the morning session, Justice Williams continued the case until the afternoon, and after all testimony was taken, made an order holding Warr to answer to the superior court in bonds of \$20,000. Unable to provide this, Warr was remanded to the custody of the sheriff to wait the filing of an information against him in the criminal courts.

WHEN A LAXATIVE IS NEEDED—"CASCARETS"

Gently Clean Your Liver and Constipated Bowels While You Sleep

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

This is important! Immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

FISHER HEARING NOW FAMOUS CASE

Frisco Seeks Water Supply From Hetch Hetchy Valley; Nature Lovers Fight Plan

WASHINGTON, Nov. 26.—San Francisco's long fight to be permitted to proceed with plans to secure a municipal water supply from the Hetch-Hetchy section is being continued before Secretary of the Interior Walter Fisher. The city is represented by an array of counsel, while the Spring Valley Water Company of San Francisco is here in representatives to endeavor to prove that its system is ample to care for the needs of the city for years to come. Editor Robert Underwood Johnson of the Century Magazine appeared before the hearing to announce that even if it would cost San Francisco \$100,000,000 additional and the city should be compelled to distill its domestic water from ocean water, he would insist that the valley wherein the proposed new municipal supply has its source, should be saved to the country and its nature lovers.

HOW TO EXTERMINATE GROUND SQUIRRELS

H. N. Wheeler of San Diego, forest supervisor of the Cleveland National Forest, has sent the following to the Register:

To the Users of the Cleveland National Forest:

The following formula has been found by extensive experiments to be very effective in exterminating ground squirrels and other rodents: Formula No. 1, for all rodents except pocket gophers—Wheat, 20 quarts; strychnine (alkaloid) or strychnine sulphate, 1 ounce; starch paste, 1 quart; saccharine (soluble form), scant teaspoonful; strong ammonia water, 3 or 4 ounces; acetic acid, 3 ounces, or white vinegar, 1 pint.

Prepare the starch paste by boiling a half teacup of gloss starch (previously mixed in a small amount of cold water) in 1½ pints of water, stir in the saccharine. Dissolve the strychnine in the acetic acid, or the vinegar, add enough ammonia water to precipitate it completely from the solution; mix the resulting white paste in the sweetened starch; apply to the wheat and mix rapidly to coat each kernel. Sack immediately and allow the starch coating to congeal before distributing.

AMUSEMENTS

The Fires of St. John
Margaret Drew in "The Fires of St. John," which enjoyed a long run in New York and Boston, is the alluring announcement for next Thursday evening, Nov. 28th, at the Grand Opera House. No player just now is being more talked about than Margaret Drew, and no play has earned so much comment in a decade as "The Fires of St. John." As a result, people will fall over each other to procure seats.

"The Fires of St. John" can hardly be called a play in the usual sense of that term, which accounts for the crowds who saw in the play in New York and Boston, and who were not players. It might rather be called an allegorical presentation of a great truth—a series of truths. These truths are not over nice at times, but it is because they are not nice, because they concern a condition of things which modern society being better informed, has more need to blush for than did that of older times—it is because of this that the story of Mariska's life is intensely dramatic and holds the auditor spellbound. The play was originally written in German, it was then translated into French and finally translated and adopted for the English stage and yet with all these transitions its virility is unimpaired; it still presents a theme which rivets the attention; small wonder then that the play should have proved the sensation it has. The play will be given here with a metropolitan cast.

NO MEETING TO BE HELD THIS MONTH

Flagged Train With Shirt
Tearing his shirt from his back, an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C. once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.—Advertisement.

MALIBU RANCH FIRES CHECKED

Loss, From \$50,000 to \$100,000; Now Feared Ed. Pixley Lost Life in Fighting Fire

SANTA MONICA, Nov. 26.—After partially destroying a fifty-acre barley field yesterday afternoon, the fire which has been raging on the Malibu ranch since Friday morning, was checked before the main warehouses on the ranch were reached. The property loss from the fire thus far is estimated at various amounts ranging from \$50,000 to \$100,000. The loss on the Malibu ranch amounts to about \$25,000.

The greatest loss is to the natural watersheds in the mountains, which have been almost completely devastated of their vegetation.

Nothing further has been heard from Edward Pixley, the fire fighter who volunteered to start a backfire Sunday afternoon near the mouth of Escondido canyon, directly in the face of the fire that was threatening to sweep the canyon. Pixley succeeded in diverting the flames before they swept the canyon, but it is feared that he lost his life in the attempt.

CONGRESSMEN TO WORK FOR TARIFF

Visit Citrus Groves and Promise to Seek Protection for Citrus Industry

RIVERSIDE, Nov. 26.—Congressman Raker of Altares and Congressmen-elect Bell of Pasadena, Kettner of San Diego, Church of Fresno and Curry of Sacramento, after riding through citrus groves as guests of the Democratic county central committee and prominent orange growers, at a banquet last night at the Glenwood Inn, all promised to work in Congress for the protection of the citrus fruit industry. Raker reiterated the statement that facts must be shown in Congress, proving without doubt that the industry needs protection.

The sensation of the feast was the statement by City Attorney Irving that the Democratic platform should not be slaughtered to give protection to one special industry, but all industries be treated alike. This aroused strong opposition.

Cottolene Pie Crust

Cottolene makes a rich, crisp crust, without the suggestion of greasiness. Cottolene-made pie is digestible too. And—Cottolene is more economical than butter or lard, because you use one-third less. Moreover, Cottolene costs no more than lard.

Cottolene

Here is a recipe for one of the most delicious pastry dishes you ever ate—Grape Fruit Pie—made with Cottolene:

CRUST	
1 cupful of sifted flour	¼ cupful Cottolene
3 teaspoonfuls ice water	A pinch of salt

FILLING	
¾ cupful of sugar	Juice of ½ medium-sized grape fruit
2 rounding teaspoonfuls of corn starch	2 even teaspoonfuls of ½ lemon
Yolks of 2 eggs	Grated rind of ½ lemon
1 cupful boiling water

Strength

The strength of a banking institution consists not alone in its financial resources but also in the character and ability of its officers and directors and in the confidence and loyalty given it by the community of which it is a part. These banks are pre-eminently strong in ALL respects.

Service

The proper conception of a banking institution's duties and privileges includes service to its community. A bank must pay its stockholders a fair rate of interest in order to secure and hold investments in its stock; but its duty does not end here; it must also render REAL SERVICE to its community in the way of public enterprises and private support. These banks point with pride to their records in these respects.

Solvency

A banking institution to be really and truly solvent must have more and other assets than merely money and credits in excess of its money liabilities. It must have a surplus of character, a reserve fund of reputation, a credit balance of experience, large and moral resources. These banks invite examination as to their moral solvency.

STANDARD STANDS PAT. ON CRUDE OIL

Believed in Spite of Contrary
Reports Company Will Hold
on to Valuable Trade

SAN FRANCISCO, Nov. 26.—In spite of the recent Chicago announcement that the Standard Oil Company has decided to get out of the crude oil business, it is generally believed here that the corporation will refuse to relinquish one of the most profitable ends of its immense Pacific coast business. This view is taken in spite of the refusal of oil of 18 degrees and lower in this state. The prospective date for the abandonment of crude oil as an adjunct to Standard's business is December 1. Many oil experts, however, declare that they believe the company is planning even wider interests in the crude oil field.

BEACH TOWN ASKS LOWER P. E. RATES; BETTER SERVICE

MANHATTAN BEACH, Nov. 26.—A petition containing several hundred names is being circulated at this beach, asking that the Pacific Electric Railroad Company concede to the wishes of the citizens by granting lower rates and better service over its lines.

The petition requests that a fifteen-minute service be established from this beach to Los Angeles between the hours of 5:45 a. m. and 9 o'clock a. m. and from 5 p. m. to 7 p. m. on the return trip. A reduction in the general fare from 50 cents to 35 cents, the daily commutation ticket to be reduced from 25 cents to 17½ cents.

The purposes for which said bonds were voted were and are for the purpose of raising money for building or purchasing one or more high school buildings, for insuring high school buildings, for supplying high school buildings with furniture or necessary apparatus and for improving the grounds.

The bonds will be sold for cash only and at not less than par and accrued interest.

A certified or cashier's check, payable to the order of the chairman of the Board of Supervisors in the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Fullerton Union High School District in said County for the year 1912 is \$9,432,155.00, and the outstanding bonded indebtedness is \$150,000.00.

By order of the Board of Supervisors of Orange County, California, made November 19, 1912.

LOS ANGELES PRODUCE MARKET
The first car of imported Smyrna figs arrived on the market yesterday. They were quoted at 15 to 17 cents a pound. The shipment came from Asia Minor, which is the only producing section for this variety except California. It is feared that the trouble in the Balkans may cause higher prices to prevail this year for the imported fruit.

The first car of navel oranges from the Salt River Valley in Arizona came in. They were selling at \$4 to \$4.50 per box, a somewhat higher price than prevails for local grown. This is caused by the higher freight rates. Shipments of California oranges to the local market are not expected to assume very considerable proportions until about December 10. The Arizona navels are of very fine quality.

Apple receipts have been showing a decided falling off, but yesterday were fairly large—7391 boxes. There is still a small quantity of plums and Italian prunes on the market, but they will not last much longer than December 1.

Receipts of staple vegetables were very heavy yesterday—7640 sacks of potatoes, 2400 sacks of onions, 821 sacks of beans and 279 sacks of sweet potatoes. The market was steady. A car of lima beans came in and were selling at about \$6 a sack.

Storage eggs showed some weakness yesterday. Petaluma and Santa Rosa stock are quoted at 32 to 34 cents, while eastern eggs were quoted at 27 to 29. Shipments of fresh stock are better, and this has probably caused a downward tendency in prices. Ninety-three cases of local ranch were reported in. Some fresh case count eggs sold at 45. Receipts of butter were below the average—22,066 pounds. Prices were firm. Cheese was steady, and receipts were 2700 pounds.

Conservation of Human Energy

Improved modern machinery has enabled this laundry to do the housekeeper's hardest day's work at such a nominal cost, that no man can afford to allow his wife to waste her energy and perhaps injure her health, trying to do her own washing. A trial will convince the most skeptical.

SELLING THEM AT THE RATE OF SIX AND SEVEN A DAY. FOUR WENT TO FULLERTON YESTERDAY AND MORE WILL GO THIS WEEK. ANAHEIM, ORANGE AND POMONA PEOPLE HAVE COME OVER AND BOUGHT. LOCAL SANTA ANA PEOPLE ARE CROWDING THE STORE. THOSE WHO HAVE AVAILED THEMSELVES OF THIS OPPORTUNITY AND SENDING THEIR FRIENDS. COME EARLY. EVERY INSTRUMENT ABSOLUTELY NEW AND AS REPRESENTED—OR MONEY REFUNDED.

Selling out his business was a real sacrifice to Mr. Schall. Sickness in his family compelled him to make the move. What he has to say in the matter you can read below. Certainly his letter attests to the genuineness of this sale, and the reasons which compelled him to make this sacrifice.

READ MR. SCHALL'S LETTER

Santa Ana, Cal., Nov. 13, 1912.

Geo. J. Birkel Co., Los Angeles, Cal.
Gentlemen:—After careful consideration I have concluded to accept your offer to purchase my entire stock of Pianos, Player Pianos, Player Music, Stools, Benches and Scarfs. It is, of course, a great disappointment to myself and family that we cannot carry out our plans, establishing a business here, but sickness in my family makes it absolutely necessary for me to return at once to Minnesota. It is for this reason only that I am compelled to accept your offer and act quickly—I personally selected every one of these Pianos and Player Pianos, have sold them for years in my eastern home, know how well they wear and give musical satisfaction—and in turning these instruments over to you, I wish to express my thanks for your prompt action in assisting me to hurriedly adjust my affairs and to recommend these instruments and your very excellent concern to any who may be thinking of buying a real musical instrument.

Respectfully,
(Signed) SCHALL MUSIC HOUSE.
O. A. Schall.

CHILE DRIER IS DESTROYED

Loss of \$2000 Incurred in Fire
at Garden Grove—Garden
Grove News

GARDEN GROVE, Nov. 26.—A fire on the Frank Mills place, with a loss of \$2000, occurred on last Thursday. Two chile drying houses belonging to a Japanese named Harada and filled with chiles was destroyed. The houses will be rebuilt at once as Harada has a large crop of chiles to dry. The cause of the fire is unknown.

Angus Hobbs, who was operated on at the Santa Ana Hospital some time ago for appendicitis, was brought home on Saturday and is improving rapidly.

Elbert Smith of San Bernardino will be the morning and evening speaker at the Latter Day Saints church next Sunday. Mr. Smith is one of the counselors to Joseph Smith, the president of the Reorganized church, having no connection in any way with the Utah church, calling themselves Latter Day Saints.

There will be union services on the evening of Thanksgiving at 7:30. Four churches, the Friends, Baptist, Free Methodist and Methodist will take part. Rev. A. W. Pink of the Baptist church will speak. A praise service will follow at the close of the sermon.

The Garden Grove Y. M. C. A. met last week and elected officers for the organization as follows: President, P. M. German; vice president, J. G. Allen; secretary, W. P. Coffman; treasurer, J. T. McElree.

Miss Mattie Winters, a daughter of Mr. and Mrs. John Winters of this place, was married on Tuesday of last week to Fred M. Shumway in Los Angeles. The young people will live on Griffith avenue, Los Angeles.

Mrs. Vlier on Tuesday moved into her new house on Acacia street, from her ranch which was sold some time ago.

Mr. and Mrs. John McMillan of Newport Beach were guests at the home of Mrs. McMillan's mother, Mrs. Sarah Mills, on Sunday.

Mr. and Mrs. Vester Garner and family of Los Angeles were here visiting friends Saturday and Sunday. Mr. Garner has just bought a farm near Bishop, Inyo county, and expects to move there soon and set it to apples.

The Home Telephone company has purchased from S. S. Jackson a lot on Euclid avenue, just north of German's jewelry store, where it will erect a building at once to accommodate its exchange, which it expects to install at once, as they have over 150 subscribers in and around Garden Grove.

J. O. Ackerly will set his 35 acre ranch northwest of town to Valencia

in the spring.

F. B. Cleveland has begun the erection of a neat little bungalow on his ranch northeast of town.

The Japanese, Y. Yamatana, who was shot with bird-shot some time ago, is able to be out again.

Miss Hazel Swall, who is in Los Angeles visiting relatives, is expected to return on Tuesday.

The Parliamentary Club met at the home of N. Carmichael on last Friday evening. After a half hour of instructive study refreshments were served.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and
Prevents Catarrh and Cold
in the Head

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed-up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50-cent bottle will more than likely work a complete cure. All druggists sell it. Rowley Drug Company.—Advertisement.

Passing of the Parlor
Another sign of the times is the passing of the parlor and the making of the best room in the house the living room. Time was when the parlor was like a new suit of clothes, only to be used on special occasions. It was usually furnished with uncomfortable chairs that were covered up during the week and used on Sunday.

Times have changed, however, and people are furnishing rooms, instead of parlors. Here we find the piano and big, comfortable chairs that are ready for business all the time. Some of the big houses have the drawing room but in the average home the living room has taken the place of the parlor. It is only another sign that people are realizing the necessity of having a house furnished in real, homelike fashion.

FRUIT GATHERS COLOR IN SOME ORCHARDS

Question of Sweating Considered by Directors of One Association

Orange News: The navel orange season was ushered in today when pickers for the Villa Park Orchards Association and the Harper Fruit Company took the field to gather in the first of the navel crop.

It is only in a few orchards that the fruit is sufficiently colored as yet to make it advisable to pick. Such fruit as is being picked is advanced in color and if not fully colored, will take it rapidly after being picked.

The McPherson Heights Company will put a picking gang in the field tomorrow and will probably begin packing Friday. It is expected that the new packing house will be ready for use by then, as it is rapidly nearing completion. C. W. Post, manager, states that the directors are considering the advisability of sweating some of the first navel.

The Santiago will put pickers in the field in a few days. Manager Smart states that the Santiago will do no sweating this year.

The recent wind inflicted considerable damage on both trees and fruit, orchards without windbreaks in some cases suffering severely. The extent of this damage cannot be estimated but the scarring of the fruit by the wind is expected to injure to some extent its marketing value as well as its keeping qualities. Burned foliage and broken limbs were some of the results of the hard blow.

CROSS OR FEVERISH HALF-SICK CHILDREN

Mean Their Bowels are Wasted—
Clogged; Liver Sluggish and
Stomach Sour

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged-up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

Pineappleade
Pare and slice some very ripe pineapples; then cut the slices into small pieces. Put them with all their juice into a large pitcher and sprinkle among them plenty of powdered white sugar, half pint to each pineapple; cover the pitcher, and let it stand till quite cool, occasionally pressing down the pineapple with a spoon. Then set the pitcher for a while in ice. Lastly, strain the infusion into another vessel, and transfer it to tumblers, putting into each glass some more sugar and a bit of ice.

GARDEN GROVE HAS EXHIBIT

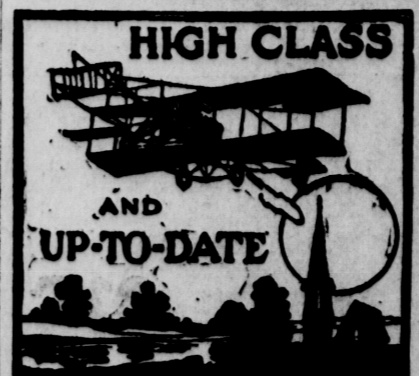

That Garden Grove is enterprising and not overlooking opportunities is shown by the fact that it has established an exhibit table in the Santa Ana Chamber of Commerce, which is visited every day by from fifty to one hundred tourists taking the Triangle Trolley Trip.

Secretary Metzgar of the local Chamber of Commerce has arranged a table in one of the most conspicuous positions in the Chamber of Commerce rooms, and has put on it an attractive array of Garden Grove products, including oranges, pomegranate cantaloupes, chile, bell and pimentas peppers, beans, sugar beets, tomatoes and potatoes. Garden Grove grows a lot of things not yet given a place on the exhibit, but now that interest is aroused in the matter it is expected that residents of the Grove will contribute some more of their fine products.

Over the table in large letters appears the name Garden Grove.

It is probable other communities of the county will follow the example set by the thriving town, located on the Pacific Electric across the river from Santa Ana.

Hen Mothers Kittens
A hen whose chicks were removed from her at Playford, Suffolk, England, not long since, discovered a cat with four kittens. She turned the mother out and took charge of the kittens, who are as much at home with her as with their mother, whom the hen allows into the nest to suckle her young.
